*IEP-Activator Calls take place each month and are designed to help the community stay connected, to give the Activator a bit of IEP "juice" each month, and to keep things humming. Each Quarter we do a deep dive. It's a \$1K/year membership fee to participate. Your first Quarterly Q&A Call is included in your initial fee.

**This program DOES NOT license or train you to lead the IEP Fundamentals Program, that is for IEP-Trained and IEP-Certified Stewards only. That said, we highly recommend you attend IEP Stewardship Training to help you learn the tools more deeply and optimize your own IEP. To do so, you attend the core 4-day IEP Stewardship Training only (as opposed to ongoing training). The fee for an Activator to attend the live core training is an additional \$5,000 on top of your Activator fee(s).
